As you look back on the past, how frequently have you personally experienced unique and priceless chances to make a difference in the lives of those around you while paving the way for an even brighter future for yourself! **Well, that time has now come ... it is right here, right now!**

The Federal Asian/Pacific American Council, now holding its National Leadership Training Program, is looking for YOU! Here's what we have to offer::

- Special opportunity to meet at a career fair with representatives from **civilian agencies and all military services** from across the Federal Government who are eager to talk with you about joining them either as interns or employees (and yes, they are specifically reaching out to members of the Asian/Pacific Islander community!).
- New and exciting possibilities to network and build powerful working relationships with role models and leaders in your chosen area of career interest.
- The ability to put your own career path on the fast track as you gain insight from seasoned and accomplished professionals whose life lessons can help you leverage your time by learning from the experiences of those who have come before you, thus helping to prevent you from wasting invaluable time in this fast-paced world.
- The awesome opportunity to make new friends and to create new memories that will last a lifetime!

Our goal is to help the next generation of leaders by being of support to you! In this economy, you owe it to yourself to see about all the benefits and advantages to joining us as part of the rewarding careers that make a difference!
