Federal Asian Pacific American Council (FAPAC)

STRATEGIC PLAN

FY 2023 – FY 2028
I am very pleased to release the Federal Asian Pacific American Council’s (FAPAC’s) second five-year Strategic Plan for October 1, 2023, through September 30, 2028. This Plan shall serve as a blueprint to implement improvements and ensure the continued progression of the organization. The National Board of Directors (NBOD) and the FAPAC Leadership shall utilize this Strategic Plan as a guiding document to ensure FAPAC’s objectives are clearly defined in furtherance of accomplishing the identified goals for the organization.

The Federal and the District of Columbia (DC) governments are committed to building and developing a diverse, highly skilled, and well-trained workforce to meet the Diversity, Equity, Inclusion, and Accessibility (DEIA) initiatives. FAPAC strives to support these initiatives and programs by overcoming barriers that may hinder equal employment opportunities within the workplace. As part of FAPAC’s mission, we will continue to provide professional development opportunities to the Asian American, Native Hawaiian, and Pacific Islander (AANHPI) employees in public service. The FAPAC leadership will continue to leverage strategic and value-based leadership and promote equal opportunity and cultural diversity for the AANHPIs within the Federal and DC governments.

This Strategic Plan institutionalized all facets of FAPAC’s day-to-day operations according to its constitution and bylaws. Through this plan, we seek not only to reaffirm our excellent working relationships with our partners, but also to renew our commitment in supporting the Federal and DC governments’ visions in promoting a dynamic 21st century workforce. There is an ever-present need for our organization to become more agile, which will continue to empower us to lead organizational change. Our plan calls for strengthening of FAPAC’s leadership capability in a collaborative and cohesive manner to leverage opportunities within the interagency in the four critical areas as follows:

- Equitable Participation;
- Career Development;
- Advocacy for Diversity, Equity, Inclusion, and Accessibility; and
- Recognition and Membership

Through the implementation of our strategic plan, FAPAC will continue to lead change and contribute to making a noteworthy difference in supporting the communities it serves nationwide. Commitment and dedication are the heart and soul of our leadership. I am confident that with the support of our members and partners, and through collaboration, FAPAC will be able to meet its mission with excellence.

2. **Initiate college outreach**: Actively form partnerships with Minority-Serving Institutions that produce a significant number of AANHPI undergraduate and graduate students as well as recent graduates who may qualify for Outstanding Scholar opportunities and appointments for vacancies in Federal departments and agencies.

3. **Promote a culture of DEIA**: Initiate round table forums and crucial dialogues regarding individual differences, cultural awareness, and foster long-term working relationships with AANHPI organizations and advocacy groups who embrace and support the goals and objectives of DEIA.
